

# EQUIPMENT ROOM

From our expansive record collection to our inventive cocktails - every detail at Equipment Room is devoted to the art of appreciation. Tucked away just off South Congress on the storied Music Lane, enjoy high-fidelity vinyl in the intimate tradition of a Japanese kissa.

Our non-descript hideaway is the perfect spot for your nearest and dearest. Invite your guests to the best basement in town and let the music do the talking. In partnership with Klipsch, our moody space has been outfitted for the ideal listener experience-with semi-private spaces and headphones for even more intimate listening options. Our sonic collection, curated by Breakaway Records, boasts over 1200 LPs, spanning a highly curated mixture of genres and eras. Fortify those listening ears with a Japanese-inspired menu of bites, classic cocktails (A-Sides) and modern riffs (B-Sides), sake, and an expansive spirits menu.
