

HOTEL SAN JOSÉ

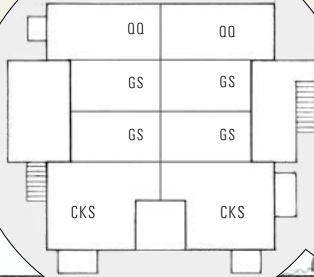

GUEST ROOMS

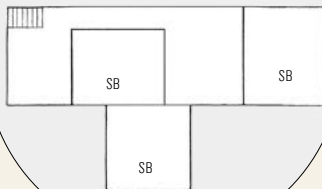

Built in 1936 as an “ultramodern” motor court, the property has been transformed into an urban bungalow-style hotel tucked behind stucco walls set amidst lush garden courtyards. There are seven distinct room types, with 37 traditional rooms plus a three bedroom suite. Our rooms range from European-style Shared Baths to spacious Courtyard Studios with balconies. While no two rooms are exactly alike, all feature concrete floors and minimalist interiors, including reclaimed Texas pine handmade furniture, custommade linens and kimono bathrobes, mirroring the serenity of the hotel grounds.
